FIFTY-THREE MEN PERISHED

Terrible Disaster Occurs on Lake Michigan.

RESULT OF AN EXPLOSION

Powder Blew Up and Set Fire to the Intermediate Crib Used in the Construction of a New Water Tunnel Connecting the City of Chicago With the South Side—Victims Either Burned to Death or Drowned.

Chicago, Jan. 21.—With a mile and a half of treacherous drifting ice cutting them off from ready communication with the shore, at least fifty-three workmen are included among the list of missing, and the majority of these already are known to be dead, as a result of a fire which had its origin in a powder vault attached to the intermediate crib used in the construction of a new water tunnel connecting with the South Side of the city at Seventy-third street. It is known that ninety-five workmen were employed in the crib and the connecting tunnel at the time of the fire, but the work of the destroying element was begun so unexpectedly and reaped its harvest of dead and injured with such swiftness that the contracting firm of George W. Jackson & Co. and the rescuers have been unable to arrive at anything like an accurate list of those who perished and others who escaped the fury of the flames or the icy waters of Lake Michigan.

The hospitals at South Chicago and in all parts of the South Side are filled with injured and city fire boats as well as the tugs of the construction company are doing their best to make frequent trips to the scene of

the disaster through the heavy ice floes.

Owing to the difficulty of small steam craft to reach the crib during the winter, a majority of the workmen employed on the work, especially those who were without families, slept in temporary structures and it was before these had been awakened for the day's routine that the explosion and subsequent fire caused the pandemonium which resulted in the loss of at least fifty-three lives.

As nearly as the investigators have been able to ascertain, the explosion had its origin in a powder house of small dimensions, situated about 100 yards from the crib structure proper, but at the same time being part of the general structure built on foundations resting on the bottom of the lake at this point.

Slow to Realize Peril.

The dull detonation, muffled as it was by the crunching of floating ice against the crib and the atmosphere laden with heavy fog, simply aroused the attention of the workmen, according to survivors, and it was not until the heat of the flames and the stifling smoke penetrated the so-called living room of the crib and the tunnel beneath the waters of the lake that the full import of the disaster dawned upon the little colony of workmen cut off almost completely from human succor.

One of the workmen made his way through the smoke to the little enclosure in which telephone communication had been established with the shore station. The drowsy attendant at this point was brought into action by a violent ringing of the bell, and this was the message which set on foot the work of rescue.

The tug T. T. Morford, in charge of Captain Johnson, had forced its prow earlier in the morning to an anchorage within a short distance of the imperiled crib, and this was placed into service at the outset in the work of rescuing the frenzied workmen. The ice made it impossible for the tug to reach the improvised pier, but a small boat was placed in service to carry the injured to the shore and rescue those who had plunged into the waters of the lake rather than face the flames, which were raging on the crib structure.

After several hours of work on the part of the rescuers, in which heroism stood forth even in the heavy fog and drifting smoke, thirty-nine workmen were rescued and when the fire tug Conway and its crew had succeeded in quenching the flames fifty-three bodies had been carried to the shore and placed in the morgues in South Chicago awaiting identification. The trunks of the victims in the majority of instances were unrecognizable.

NOT A CHRISTIAN COUNTRY

Opinion of Hebrews Regarding the United States.

Philadelphia, Jan. 21.—After a spirited debate on the question of means to prevent sectarian teachings and practices in the public schools, the delegates to the twenty-first council of the Union of American Hebrew congregations passed a resolution appointing a committee to spread literature which shall take the position that this is not a Christian country.

The presentation of the committee's report provoked a lively argument among the rabbis and laymen over a section which stated that the question of sectarian teachings in schools might properly go through the courts, but that high judicial authorities have pronounced obiter dicta on the subject "Is This a Christian Country?" Several delegates, led by Dr. Max Heller of New Orleans, objected to the section on the ground that it might be construed as a reflection on the supreme court of the United States.

The section was finally amended so that all reference to the courts was eliminated and the resolution was passed.

SOCIETY IS INTERESTED

Grand Ball in Aid of New York's Blind Poor.

New York, Jan. 21.—In the name of charity New York society will dance tonight in the Hotel Plaza at a grand "bal de tete," or "head ball," the proceeds of which will be devoted to alleviating the condition of the blind poor. It will be a brilliant affair under the patronage of the French and English ambassadors and Secretary Root. The color scheme will be red and the decorations will include American, British and French flags.

Many of the women will wear the headaddresses of Spanish and Dutch peasants. Others will appear with Venetian headaddress and Venetian ruffs. Neck ruffs are to be a special feature, particularly those of the days of Queen Elizabeth, as they are an effective line of demarcation between fanciful headdress and modern evening dress.

ANXIETY IN WASHINGTON

Caused by Bills Before California Legislature.

ACTION ON THEM DEFERRED

But This Fact Has Not Apparently Relieved to Any Considerable Extent the Strain of the Japanese-American Situation From the Governmental Point of View—Japan Would Consider Passage of Bills an Insult.

Washington, Jan. 21.—The Japanese-American situation presents today as grave elements of concern and alarm to this government as were involved in Tuesday's developments.

The news from California that its legislature has postponed action on the so-called anti-Japanese bills has not apparently relieved to any considerable extent the strain of the situation from the governmental point of view. That Japan's ambassador took the initiative in reviving the immigration affair is not regarded as of vital, though of great international consequences. This is because the administration, it is said, would have proceeded as it has done by appealing to Governor Gillett, with or without suggestion from Baron Takahira, the Japanese ambassador.

A representative of the Japanese embassy called at the White House and while no official statement was made as to the purpose of the call, it is understood that the attitude of President Roosevelt is highly satisfactory to the Japanese government.

It developed that one of the most cogent reasons which impelled the president to appeal to the conservatism of Governor Gillett to preserve the peace between Japan and the United States are not to be found in the text of the letter to the governor. Members of the foreign relations committee of the senate and Secretary Root are aware of the conditions. It is because of this fact that Secretary Root will, it is said, remain in office, at least until the international storm now brewing has passed.

It is certain that the administration is of the opinion, that should California's assembly take action hostile to the Japanese such action would render nugatory the agreement on the immigration of two years ago and Japan would resent the legislation as a wanton insult.

Should the California legislature decide eventually to pass the restrictive bills, it is not improbable that the president may send a message to congress on the new situation that would be created by those acts.

ARE DELAYED FOR ONE WEEK

Anti-Japanese Bills Before California Legislature.

Sacramento, Cal., Jan. 21.—Consideration of bills denying Japanese the right to own land or be directors of corporations was delayed for one week by the assembly at the request of President Roosevelt and Governor Gillett. When these measures came up on a special order, Mr. Preston of Mendocino county offered a resolution calling on the president to furnish the legislature with all documents and data in possession of the federal authorities bearing upon the Japanese situation. This was declared to be out of order.

Then Mr. Drew moved that his bill denying Japanese the right to own land be made a special order for next Wednesday. Grove L. Johnson, author of the directors' bill, opposed its postponement.

On roll call the motion was carried, 43 to 34. Johnson's bill was then put over without roll call to the same date.

The assembly disposed of the controversy over the anti-racetrack bills, re-referring them to committee by voting down a motion to reconsider the vote of Tuesday.

SULLIVAN OFFERS A PURSE

Former Champion Would Get Jeffries and Johnson Together.

Washington, Jan. 21.—An offer of \$75,000 for a match between Jeffries and Johnson has been made by John L. Sullivan, according to a statement made by the former heavyweight champion. He stated that he represented a number of men who are willing to put up the money for a contest between these two men.

"In the meantime," said Mr. Sullivan, "I am trying to find a good man to take Jeffries' place in the event that he will not re-enter the ring, and I will find somebody."

An Announcement

Many of our patrons have expressed a desire to see the spring line of Macpherson and Langfords suits, skirts and shirt waist suits when their representative calls. He will be with us tomorrow (Friday morning) and we shall be pleased to have such as wish to see the line call from 10 until 12 o'clock.

BROWNSVILLE AFFAIR BEFORE THE SENATE

Mr. Frazier of Tennessee Discusses the Subject.

Washington, Jan. 21.—The Brownsville affair was again before the senate, Senator Frazier of Tennessee speaking in opposition to the passage of any measure for the re-enlistment of the discharged soldiers of the Twenty-fifth regiment of infantry. He insisted that the guilt of some men of the regiment had been established beyond doubt, although the individuals who had committed the crime had not been determined.

Mr. Foraker announced that he would move next Monday to take up his bill to reinstate the soldiers unless an agreement on a time to vote for the measure is made sooner.

The legislative, executive and judicial appropriation bill was under consideration when the senate adjourned.

LILLEY OUT OF CONGRESS

Governor of Connecticut Ceases to Be a Member of the House.

Washington, Jan. 21.—After adopting without opposition a resolution by which Governor George F. Lilley of Connecticut ceases to be a member of congress, the house of representatives proceeded with the naval appropriation bill. There were few amendments offered to the measure, the items under consideration being those of maintenance and improvements to navy yards, stations and other public works of the navy.

Representative Foss of Illinois, chairman of the naval affairs committee, had charge of the bill on the floor and Representatives Tawney of Minnesota, Fitzgerald of New York, Gaines of Texas, Macon of Arkansas and others spoke. Representative Mann of Illinois occupied the chair during the consideration of the bill, which probably will have the attention of the house until Friday.

STANDARD OIL TRUST TRIAL

Second Trial Set for Feb. 23 by Judge Anderson.

Chicago, Jan. 21.—The Standard Oil Company of Indiana was ordered by Judge Anderson in the United States district court to be in readiness for a second trial or rehearing on Feb. 23. Judge Anderson, in declining to grant the attorneys for the oil company a postponement until they had disposed of several cases in equity now pending, called attention to the fact that he had consented to hear the Standard Oil case upon the request of Judges Landis and Betha and did not propose waiting until the attorneys had cleared their dockets. John S. Miller, Moritz Rosenthal and Alfred D. Eddy for the defense made a plea that it would be impossible for them to be present at the time set, but Judge Anderson refused to alter his determination.

Passed Over Governor's Veto.

Nashville, Tenn., Jan. 21.—Over the veto of Governor Patterson both houses of the legislature passed the senate bill, which prohibits the sale of intoxicating liquors within four miles of a school house in Tennessee and is in effect a state wide prohibition act. It is effective July 1, 1909.

Office in Dispatch Building on 6th St., opposite the Post Office.

Satered at the post-office at Brainerd Minn. as second class matter.

THURSDAY, JANUARY 21, 1909.

"ALL the world loves a lover because it enjoys a joke," says May McFadden. This explains it.

MINNEAPOLIS hold-up artists now wear evening dress and use the utmost politeness in relieving their victims of their valuables.

It now looks as though the bill for an additional judge in this district would become a law. The judiciary committee of the senate has recommended it for passage.

THE Indians are liable to get us yet if Gus Beaulieu succeeds in his contention that fifteen counties in this part of Minnesota, including Crow Wing, should revert to the Chippewas and Pillagers because he claims, the government failed to fulfill the conditions of a treaty made in 1855.

THE interests of the republican party in the state legislature will be looked after by a committee appointed, one member from each congressional district, and this organization will endeavor to be right on party measures. Senator Alderman, of this city, is the Sixth district member, and Frank White is the house member from this district.

THE plan has been adopted by the police department of Minneapolis to arrest people who leave a horse standing out in the cold over twenty minutes. Many people seem to imagine that a horse has no feeling and that an hour or so tied to a post with the thermometer below zero and a wind blowing makes no difference to the dumb animal. If every case of cruelty of this kind was punished regardless of who the persons were it might have a beneficial effect.

ARE PUTTING IN BANK FIXTURES

Moorman & Co., of St. Paul, Have
Crew Here to Put Them in
Citizens' State Bank

WILL BE VERY HANDSOME

Imported and Domestic Marble,
Mahogany and Leather Up-
holstry are Features

Art. Sandstrom and C. G. Jacobson, of St. Paul, are here to put the fixtures in the banking room of the Citizens' State Bank building, for Moorman & Co., of St. Paul, who have the contract for furnishing them. "Perfectly plain and simple," is the way M. T. Dunn describes them, but it is the simplicity of Grecian marble and solid mahogany. The entire lobby will have tiled floors and the front of the counters will be of marble with marble pilasters. The interior finish of the room will be mahogany, to match the counters, etc., and mahogany seats with leather upholstered backs will be placed in the lobby for the accommodation of the patrons of the bank.

Mr. Sandstrom and his assistants are preparing for the tilters who will be here tomorrow, it is expected, to put in the tile floors. The fixtures have all been shipped from St. Paul and the marble men will probably be here next week. Mr. Sandstrom estimates that it will take three or four weeks to get the room in readiness for occupancy.

Contractor Louis Shaf is pushing his part of the work on the building and states that he expects to have the second and first floors ready for occupancy in about a week. A number of the second floor offices are now about ready for occupancy and they will be pleasant rooms beyond a question. Mr. Dunn states that he has had applications for all the store rooms, in fact several for every room, but as yet has signed leases on none of them. So far no arrangements have been made for the rental of the third story.

The building will certainly be a credit to Brainerd and an ornament to Laurel street.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. GRANTED A DIVORCE

Long Drawn out Litigation over Marital Trouble of Mr. and Mrs. Wm. Elmore is Ended

The long drawn out litigation in this county arising out of the infelicity of the married life of Mr. and Mrs. Wm. Elmore, of Deerwood, was finally brought to an end in the district court today when he was granted a divorce on the ground of desertion and she was given \$600 in alimony.

Their troubles began two or three years ago when she went to the home of her parents, Mr. and Mrs. Fred Gilbert of Klondike. Shortly after Mr. and Mrs. Gilbert sued Elmore for pay for her care, etc., and he sued them for alienation of her affections, he getting a verdict after extended litigation. She applied for a divorce at that time but it was not granted. Later she applied again and he filed a cross bill with the results stated above.

N. E. BRAINERD ITEMS

As we were used so well, we come again. Even the weather is pleasant since we are known in city papers.

Arthur Welde has returned to work after being laid up with a sore foot.

Ole Saterlee and son, are cutting lath bolts off of the former's farm three miles east of the city.

Mrs. Peter Schwendeman was operated on for appendicitis, at St. Joseph's hospital last Friday. She is doing fine. Miss Grace Sutton is keeping house during her absence.

Mrs. John Jackson had an operation for appendicitis.

We have some very accommodating neighbors. They help us burn our wood and take our clothes from the line even cutting the line and taking all. We are on watch and if we can get better proof am afraid they won't find us so friendly.

Ethel Sutton is staying with A. Sinclair, down in the city.

G. W. Staples who was visiting his sister, Mrs. C. A. Neal, has gone to Bemidji as operator for the M. and I.

The pulp mill complains of not getting wood in fast enough for satisfactory work.

Mr. and Mrs. M. B. Morgan left Thursday for Boiseville, Wis., for an indefinite visit with Mrs. Morgan's father, who is in poor health.

Mr. Adams, of Sauk Centre is visiting in the city, the guest of Mr. Hogan and family.

MUSIC AND DRAMA

"The Land of Nod"

The advance sale of seats for "The Land of Nod" continues with results which indicate unusual interest in the performance of the brilliant spectacle which will be given at the opera house in this city tomorrow night. The public generally appears to be alive to the fact that this production of "The Land of Nod" is one of the great shows of the season, which is due to the splendid impression made by the performance last year. The present indications are that the seats will be practically all sold before the company arrived tomorrow.

The Five Monetas at the Bijou

The Five Monetas, who opened a four night's engagement at the Bijou theatre last evening are certainly the best attraction Mr. Low has ever presented in this city. They are musicians of a high grade and in both their vocal and instrumental selections are well worth listening to by the most critical musician. The work is not only high class but it is clean and refined. The recitative song, "The Bogie Man" brought down the house at each performance. Standing room was at a premium at each of the two performances. All lovers of good music should attend. The performance will be repeated tonight, Friday and Saturday nights.

A Horrible Holdup

"About ten years ago my brother was 'held up' in his work, health and happiness by what was believed to be hopeless Consumption," writes W. R. Lipscomb, of Washington, N. C. ARE PUTTING IN BANK FIXTURES

Moorman & Co., of St. Paul, Have
Crew Here to Put Them in
Citizens' State Bank
WILL BE VERY HANDSOME
Imported and Domestic Marble,
Mahogany and Leather Up-
holstry are Features

Art. Sandstrom and C. G. Jacobson, of St. Paul, are here to put the fixtures in the banking room of the Citizens' State Bank building, for Moorman & Co., of St. Paul, who have the contract for furnishing them. "Perfectly plain and simple," is the way M. T. Dunn describes them, but it is the simplicity of Grecian marble and solid mahogany. The entire lobby will have tiled floors and the front of the counters will be of marble with marble pilasters. The interior finish of the room will be mahogany, to match the counters, etc., and mahogany seats with leather upholstery will be placed in the lobby for the accommodation of the patrons of the bank.

Mr. Sandstrom and his assistants are preparing for the tilers who will be here tomorrow, it is expected, to put in the tile floors. The fixtures have all been shipped from St. Paul and the marble men will probably be here next week. Mr. Sandstrom estimates that it will take three or four weeks to get the room in readiness for occupancy.

Contractor Louis Shaf is pushing his part of the work on the building and states that he expects to have the second and first floors ready for occupancy in about a week. A number of the second floor offices are now about ready for occupancy and they will be pleasant rooms beyond a question. Mr. Dunn states that he has had applications for all the store rooms, in fact several for every room, but as yet has signed leases on none of them. So far no arrangements have been made for the rental of the third story.

The building will certainly be a credit to Brainerd and an ornament to Laurel street.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.

GRANTED A DIVORCE

Long Drawn out Litigation over Mar-
ital Trouble of Mr. and Mrs. Wm.
Elmore is Ended

The long drawn out litigation in this county arising out of the infelicity of the married life of Mr. and Mrs. Wm. Elmore, of Deerwood, was finally brought to an end in the district court today when he was granted a divorce on the ground of desertion and she was given \$600 in alimony.

Their troubles began two or three years ago when she went to the home of her parents, Mr. and Mrs. Fred Gilbert of Klondike. Shortly after Mr. and Mrs. Gilbert sued Elmore for pay for her care, etc., and he sued them for alienation of her affections, he getting a verdict after extended litigation. She applied for a divorce at that time but it was not granted. Later she applied again and he filed a cross bill with the results stated above.

N. E. BRAINERD ITEMS

As we were used so well, we come again. Even the weather is pleasant since we are known in city papers.

Arthur Welde has returned to work after being laid up with a sore foot.

Ole Saterlee and son, are cutting lath bolts off of the former's farm three miles east of the city.

Mrs. Peter Schwendeman was operated on for appendicitis, at St. Joseph's hospital last Friday. She is doing fine. Miss Grace Sutton is keeping house during her absence.

Mrs. John Jackson had an operation for appendicitis.

We have some very accommodating neighbors. They help us burn our wood and take our clothes from the line even cutting the line and taking all. We are on watch and if we can get better proof am afraid they won't find us so friendly.

Ethel Sutton is staying with A. Sinclair, down in the city.

G. W. Staples who was visiting his sister, Mrs. C. A. Neal, has gone to Bemidji as operator for the M. and I.

The pulp mill complains of not getting wood in fast enough, for satisfactory work.

Mr. and Mrs. M. B. Morgan left Thursday for Boiseville, Wis., for an indefinite visit with Mrs. Morgan's father, who is in poor health.

Mr. Adams, of Sauk Centre is visiting in the city, the guest of Mr. Hogan and family.

Shield's, the family so unfortunate with diphtheria, are rapidly recovering. No new cases have developed.

MUSIC AND DRAMA

"The Land of Nod"

The advance sale of seats for "The Land of Nod" continues with results which indicate unusual interest in the performance of the brilliant spectacle which will be given at the opera house in this city tomorrow night. The public generally appears to be alive to the fact that this production of "The Land of Nod" is one of the great shows of the season, which is due to the splendid impression made by the performance last year. The present indications are that the seats will be practically all sold before the company arrived tomorrow.

The Five Monetas at the Bijou

The Five Monetas, who opened a four night's engagement at the Bijou theatre last evening are certainly the best attraction Mr. Low has ever presented in this city. They are musicians of a high grade and in both their vocal and instrumental selections are well worth listening to by the most critical musician. The work is not only high class but it is clean and refined. The recitative song, "The Bogie Man" brought down the house at each performance. Standing room was at a premium at each of the two performances. All lovers of good music should attend. The performance will be repeated tonight, Friday and Saturday nights.

A Horrible Holdup

"About ten years ago my brother was 'held up' in his work, health and happiness by what was believed to be hopeless Consumption," writes W. R. Lipscomb, of Washington, N. C. "He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's New Discovery and was wholly cured by six bottles. He is a well man today." It's quick to relieve and the surest cure for weak or sore lungs, Hemorrhages, Coughs and Colds, Bronchitis, La-Grippe, Asthma and all Bronchial affections. 50c and \$1.00. Trial bottle free. CALUMET

Baking Powder

Received
Highest Award
World's Pure Food Exposition
Chicago, November, 1907

What does this mean?

It means that Calumet has set a new Standard in Baking Powder—the standard of the World.

Because this award was given to Calumet after thorough tests and experiments, over all other baking powders.

It means that Calumet is the best baking powder in every particular in the world.

And this means that Calumet produces the best, most delicious, lightest, and purest baking of all baking powders.

Doesn't that mean everything to you?

A Surprise in Store—

When you first try the most tempting—savory—fine flavored of all sea food

"Sealship" Oysters

Don't associate them with oysters you commonly buy. "Sealship" are packed without water in sealed, air-tight, steel containers. "Sealship" Carriers keep the oysters fresh and firm—not water-soaked. They retain all the incomparable tang of the sea.

You can't get enough of "Sealship." More than a surprise—a revelation.

Every housewife will want a copy of "Sealship Sense" with the dainty new oyster recipes—The following "Sealship" dealers will give you a copy:

McGinn & Smith, H. H. Baker and C. W. Koering

The genuine "Sealship" Oysters are always sold from a White Porcelain Display Case bearing the "Sealship" trade mark in blue. This is for your protection—look for it. The "Sealship" Carrier System is patented. Infringements will be prosecuted to the full extent of the law.

WILL BE IN SESSION SIX DAYS

Fifth Annual Conference on Child Labor Attended by the Leading Philanthropists and Sociologists of the United States—Indignation Expressed at Levy Exhibited by the United States Senate.

Chicago, Jan. 21.—The opening in this city today of the fifth annual child labor conference under the auspices of the national child labor committee marks the beginning of six days of continuous work in behalf of children by the leading philanthropists and sociologists of the United States.

The conference will be in session in Chicago from this afternoon until Saturday evening. Sunday will be "child labor day" in churches throughout the country, by request of the national child labor committee, which has worked hard to secure the cooperation of clergymen in the work.

On Monday and Tuesday of next week there will be held in Washington a two days' conference on the needs of dependent children, opening

with a meeting of the laborers in this field at the White House. The meeting was called by President Roosevelt and he will welcome the conferees.

Although the Chicago meetings will discuss many phases of the child labor question their main purpose is the advocacy of the establishment of a federal children's bureau, charged with the duty of looking after the interests of the country's children. This is the purpose of a bill introduced in the United States senate Jan. 10 by Senator Crane of Massachusetts.

Angered by Senate's Levy.

It aroused merriment among the members of the senate, who amused themselves with puns on the name of Crane, comparing it with that of the stork. Several of today's conferees expressed indignation at the senate's levy, declaring that the subject of the bill is one of the most serious matters now before the country.

A bill to establish a national children's bureau was introduced in the United States senate in the winter of 1905-6 at the request of the national child labor committee. The bill did not come to a vote, although it received the hearty endorsement of President Roosevelt and the secretary of the department of the interior as well as of many members of both houses of congress.

The Chicago and Washington conferences will be notable gatherings of men and women interested in the work of bringing effective aid to child laborers and dependent little ones. Prominent among the persons who will attend both meetings are Lillian D. Wald, the originator of the idea of a federal children's bureau; Jane Addams of the Hull House, Chicago; Judge Lindsey of the children's court of Denver and Rabbi Emil G. Hirsch of Chicago.

The United Order of Foresters will give a masquerade ball at Columbian hall on Monday evening, Jan. 25th. Everybody cordially invited. Tickets 25 cents.

The Y. M. C. A. Intermediates basketball team will play the Aitkin 7th grade team in the Casino roller rink Saturday afternoon, January 30th at 1:30 sharp. The teams played a fine game at Aitkin last Saturday and should be given a good crowd.

John Britton, residing east of this city, brought in a load of farm produce yesterday that should make other farmers open their eyes to the possibilities of Crow Wing county. The load was sacked clover seed and did not fill an ordinary 14-inch sleigh box, yet it netted him over \$200.

The sentence against Tom Verkennes mentioned in yesterday's Dispatch was \$15 and costs or the training school until he was 18 instead of \$15 and costs and the training school sentence. His father this morning paid the fine and costs amounting to \$22 and over and he was released.

E. C. Bane has secured a horse power surfacing machine for use on the floor of the Casino roller rink. The machine takes off every inequality of the surface and after that has made the floor very smooth sand paper is used, so that the skating surface of the rink will hereafter be kept in perfect condition.

It is reported to the DISPATCH that Joe Cuskey, a machinist formerly in the employ of the Northern Pacific railway but now employed by the Duluth, Messaba & Northern, at Proctor, recently underwent an operation for appendicitis at St. Mary's hospital in Duluth. He is getting along nicely, it is said.

J. W. Beebe, of Fargo, an engineer on the Northern Pacific railway, who was in the Northern Pacific hospital nearly a year and a half because of an injury to one of his legs, but who has been "out on parole" so to speak, for several months, is in the city, having come down to let the doctors examine his limb. He says he is gaining, though slowly.

NEW PRIMARY ELECTION LAW

Introduced in the Senate by Briggs of Houston.

LITTLE HOPE OF ITS PASSAGE

Author Not Sanguine That His Measure Will Get Through—Amendment Offered to the Anti-Pass Law Would Give Free Tickets to Railroad Surgeons and Attorneys—To Insure Greater Safety of Bank Deposits.

St. Paul, Jan. 21.—Another twist was given the primary election law in the senate when J. I. Briggs of Houston introduced a bill providing that the primary law shall extend only to the selection of delegates to the party conventions.

Mr. Briggs says he has faint hope that his bill will pass in the midst of the multitude of primary law measures in the senate. The bill provides that the polls for the primary shall be open twelve hours, beginning at 9 o'clock in the morning. Voters shall have an opportunity of naming the delegates to party conventions. The conventions are to proceed in the old way to name the nominees for the various offices.

The anti-pass law also took another turn. An amendment was offered by John Mooney of Waseca, and gives permission to attorneys and surgeons of railroads to accept free tickets.

Another bill by the same author places on the railway company the responsibility for damage on account of fire to any buildings or valuables along the right of way caused by locomotive sparks. Under the present law damages can be recovered only if it can be shown that the fire was caused by the negligence of the road.

Requiring chattel mortgages to be filed with the register of deeds instead of with the city clerk is a change in the law of the state, which will interest many. A bill making this change was presented in the senate by H. E. Hanson of Windom. Chattel mortgages have always been filed with the city and village clerks.

Greater Safety to Bank Deposits.

A measure which helps the banks and insures greater safety to deposits at the same time, is a bill presented by Senator J. I. Briggs of Houston. It exempts banks from taxation on their surplus to 100 per cent of their capital. The present law requires only 20 per cent of the capital to be in the surplus fund. Directors are loath to put more into that fund for the greater security of the depositors because it is liable to taxation.

Three bills were sent to the temperance committee of the senate. One by J. J. Ahman of Torah abolishes the inebriate farm, which is to be located at Willmar. Another by S. F. Alderman of Brainerd prohibits the granting of liquor licenses to other than men of good character and makes it obligatory, under a criminal sentence, on the licensing body to investigate the record of the applicant. Another bill limits the number of saloons to one for 500, and provides that no more licenses shall be issued if the number of saloons now exceed one to 500 by the last census. This bill is also by Mr. Alderman.

Arguments in favor of another state normal school were presented to the normal school committee of the house by various school men of the state. G. E. Maxwell, president of the Winona normal, showed that of 14,000 teachers only one-fourth have any special training for teachings. Minnesota needs 2,700 new teachers a year, 500 for the increase in population and 2,200 to take the place of those that leave the profession.

Cost of Normal Students.

He pointed out that Minnesota spent last year \$178,999 to graduate 697 normal students, while Wisconsin spent \$290,000 for 664, and Illinois \$270,000 for 222.

W. A. Shoemaker, president of the St. Cloud normal, said that his school was already too large, making it impossible for him to know the individuals. The school, like the one at Moorhead, is overcrowded, and it is too bad they "have to turn away people with a purpose."

Arguments were made by Superintendent P. M. Larson of Cass Lake, A. P. Ritchie of Bemidji and J. H. Hay of Thief River Falls to show the large territory which is far distant from any of the present normal schools, and that less than one-twentieth of the teachers there have any normal training. They cannot get in at Moorhead or St. Cloud on account of the crowded condition, and many have to go as far as Mankato to get normal training.

The statement that not 5 per cent of the teachers in the rural schools have special training for teachers was made by State Superintendent C. G. Schultz before the house committee on agricultural schools. Mr. Schultz urged the passage of some measure with the general provisions such as the bill introduced by L. H. Johnson of Minneapolis providing for county agricultural schools. There is a provision in the bill by which these schools may train teachers for the rural schools and Mr. Schultz spoke strongly for the retention of that paragraph if the bill is to pass.

The committee appointed a sub-committee to go over the bill.

MAY APPEAR BEFORE FEDERAL GRAND JURY

Secretary Root and Senator Knox May Testify.

Washington, Jan. 21.—Secretary of State Elihu Root and Senator Philander C. Knox of Pennsylvania, the secretary of state to be, may be asked to appear before the federal grand jury now investigating in the District of Columbia the alleged Panama libel case involving the New York World and the Indianapolis News.

Secretary Root was secretary of war and Senator Knox was attorney general at the time of the purchase and conducted the negotiations for the property on behalf of the United States government.

William Nelson Cromwell also probably will be subpoenaed. While Mr. Cromwell himself would not discuss the matter, it has been learned from an authoritative source that he will be glad to give the grand jury the benefit of any information which he may have concerning the purchase.

Owing to the fact that District Attorney Baker and Assistant District Attorney McNamara both will be engaged in court today, the next sitting of the grand jury will be on Friday. It will not complete its investigation with Friday's hearings, it was stated. As the grand jury does not sit on Saturdays, the hearing will be continued on Monday.

Attorney General Bonaparte declared that the statement which he will issue concerning this case will not be ready before Friday night and probably not until later.

SPECULATION STILL RIFE

Regarding Federal Proceedings in Libel Case.

New York, Jan. 21.—Speculation as to what action the district attorney of the county of New York had decided to take in connection with the libel proceedings instituted by the federal authorities against the New York World was in no way lessened by the admission by that official that he had decided to present the matter to a special grand jury. Mr. Jerome was in conference with Supreme Court Justice Dowling, at whose order the special grand jury was empanelled, but neither would throw any light upon the nature of the action contemplated. The most persistent rumor was to the effect that the presence before the special grand jury of Charles P. Taft, brother of the president elect, was desired by Mr. Jerome, and that as soon as his testimony had been heard by that body developments of a startling nature might be expected.

A Speedy Cure for

Constipation, Biliousness, Dyspepsia, Indigestion, Liver Complaints, Tired Feeling, Bad Taste in the Mouth, Bad Complexion, Nervousness and all diseases of the Stomach, Liver and Bowels.

"Bloodline Liver Pills" act gently, yet thoroughly upon the bowels, liver, stomach and digestive organs. The pills, in old and chronic cases of constipation and indigestion, act at once, without griping, nor do they leave any unpleasant after-effects, nor form a constant habit of purging, produced by other cathartic remedies.

"Bloodline Liver Pills" restore the deranged and torpid liver to its normal condition and healthy action. Remove and prevent constipation by securing a natural and regular operation of the bowels, and relieve those unpleasant symptoms which attend a diseased or morbid condition of the liver, stomach and bowels. To assist in attaining this end, the following suggestions are offered.

REMARKS. Everyone who uses pills for their action on the liver, should know that large doses rarely prove as satisfactory as small ones. Large doses simply purge and pass out of the system, usually leaving the bowels constipated, and seldom removing the cause of the trouble, or improve the general health. On the other hand, small doses develop the alternative effect of the medicine, do not irritate or constipate the bowels, but gently stimulate the liver and prevent the accumulation of bile by directing its flow into the proper channels. Therefore it is advisable to commence by taking not over one or two pills at bedtime and increase dose as necessary.

PORTLAND, ME.
GENTS:—I find your "Bloodline Liver Pills" the most effective pill I ever used. They cause no griping or constipation after effect as most liver pills do.
Yours truly,
MRS. AMADA RICHARDSON.

CALUMET

Baking Powder

Received
Highest Award

World's Pure Food Exposition
Chicago, November, 1907

What does this mean?

It means that Calumet has set a new Standard in Baking Powder—the standard of the World.
Because this award was given to Calumet after thorough tests and experiments, over all other baking powders.

It means that Calumet is the best baking powder in every particular in the world.
And this means that Calumet produces the best, most delicious, lightest, and purest baking of all baking powders.

Doesn't that mean everything to you?

A Surprise in Store—

When you first try the most tempting—savory—fine flavored of all sea food

"Sealship" Oysters

Don't associate them with oysters you commonly buy. "Sealship" are packed without water in sealed, air-tight, steel containers. "Sealship" Carriers keep the oysters fresh and firm—not water-soaked. They retain all the incomparable tang of the sea.

You can't get enough of "Sealship." More than a surprise—a revelation.

Every housewife will want a copy of "Sealship Sense" with the dainty new oyster recipes—The following "Sealship" dealers will give you a copy:

McGinn & Smith, H. H. Baker and C. W. Koering

The genuine "Sealship" Oysters are always sold from a White Porcelain Display Case bearing the "Sealship" trade mark in blue. This is for your protection—look for it. The "Sealship" Carrier System is patented. Infringements will be prosecuted to the full extent of the law.

FRIENDS OF THE CHILDREN

Meet in Chicago to Discuss Welfare of Little Ones.

WILL BE IN SESSION SIX DAYS

Fifth Annual Conference on Child Labor Attended by the Leading Philanthropists and Sociologists of the United States—Indignation Expressed at Levy Exhibited by the United States Senate.

Chicago, Jan. 21.—The opening in this city today of the fifth annual child labor conference under the auspices of the national child labor committee marks the beginning of six days of continuous work in behalf of children by the leading philanthropists and sociologists of the United States.

The conference will be in session in Chicago from this afternoon until Saturday evening. Sunday will be "child labor day" in churches throughout the country, by request of the national child labor committee, which has worked hard to secure the cooperation of clergymen in the work.

On Monday and Tuesday of next week there will be held in Washington a two days' conference on the needs of dependent children, opening with a meeting of the laborers in this field at the White House. The meeting was called by President Roosevelt and he will welcome the conferees.

Although the Chicago meetings will discuss many phases of the child labor question their main purpose is the advocacy of the establishment of a federal children's bureau, charged with the duty of looking after the interests of the country's children. This is the purpose of a bill introduced in the United States senate Jan. 10 by Senator Crane of Massachusetts.

Angered by Senate's Levy.

It aroused merriment among the members of the senate, who amused themselves with puns on the name of Crane, comparing it with that of the stork. Several of today's conferees expressed indignation at the senate's levy, declaring that the subject of the bill is one of the most serious matters now before the country.

A bill to establish a national children's bureau was introduced in the United States senate in the winter of 1905-6 at the request of the national child labor committee. The bill did not come to a vote, although it received the hearty endorsement of President Roosevelt and the secretary of the department of the interior as well as of many members of both houses of congress.

The Chicago and Washington conferences will be notable gatherings of men and women interested in the work of bringing effective aid to child toilers and dependent little ones. Prominent among the persons who will attend both meetings are Lillian D. Wald, the originator of the idea of a federal children's bureau; Jane Addams of the Hull House, Chicago; Judge Lindsey of the children's court of Denver and Rabbi Emil G. Hirsch of Chicago.

We call special attention to our window display of overcoats. Values up to \$25.00 selling at \$12.48. Come in and fit one on. H. W. Linne-mann. 1921f

The Bachelor Maids will give a charity ball at Elks' hall Tuesday evening, February 2. Tickets are reported as selling rapidly and the young ladies are sure to make a success of this as with all the social affairs they undertake.

K. M. Nicoles, trainmaster, and C. E. Emerson, road foreman on the Lake Superior division of the Northern Pacific railway, came in from the east last night. Mr. Nicoles went to Staples today noon but Mr. Emerson is still in the city.

The United Order of Foresters will give a masquerade ball at Columbian hall on Monday evening, Jan. 25th. Everybody cordially invited. Tickets 25 cents. 1921f

The Y. M. C. A. Intermediates basketball team will play the Aitkin 7th grade team in the Casino roller rink Saturday afternoon, January 30th at 1:30 sharp. The teams played a fine game at Aitkin last Saturday and should be given a good crowd.

John Britton, residing east of this city, brought in a load of farm produce yesterday that should make other farmers open their eyes to the possibilities of Crow Wing county. The load was sacked clover seed and did not fill an ordinary 14-inch sleigh box, yet it netted him over \$200.

The sentence against Tom Verkennes mentioned in yesterday's Dispatch was \$15 and costs or the training school until he was 18 instead of \$15 and costs and the training school sentence. His father this morning paid the fine and costs amounting to \$22 and over and he was released.

E. C. Bane has secured a horse power surfacing machine for use on the floor of the Casino roller rink. The machine takes off every inequality of the surface and after that has made the floor very smooth sand paper is used, so that the skating surface of the rink will hereafter be kept in perfect condition. 1f

It is reported to the DISPATCH that Joe Cuskey, a machinist formerly in the employ of the Northern Pacific railway but now employed by the Duluth, Messaba & Northern, at Proctor, recently underwent an operation for appendicitis at St. Mary's hospital in Duluth. He is getting along nicely, it is said.

J. W. Beebe, of Fargo, an engineer on the Northern Pacific railway, who was in the Northern Pacific hospital nearly a year and a half because of an injury to one of his legs, but who has been "out on parole" so to speak, for several months, is in the city, having come down to let the doctors examine his limb. He says he is gaining, though slowly.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by H. P. Dunn. ttf

MAY APPEAR BEFORE FEDERAL GRAND JURY

Secretary Root and Senator Knox May Testify.

Washington, Jan. 21.—Secretary of State Elihu Root and Senator Philander C. Knox of Pennsylvania, the secretary of state to be, may be asked to appear before the federal grand jury now investigating in the District of Columbia the alleged Panama canal case involving the New York World and the Indianapolis News.

Secretary Root was secretary of war and Senator Knox was attorney general at the time of the purchase and conducted the negotiations for the property on behalf of the United States government.

William Nelson Cromwell also probably will be subpoenaed. While Mr. Cromwell himself would not discuss the matter, it has been learned from an authoritative source that he will be glad to give the grand jury the benefit of any information which he may have concerning the purchase.

Owing to the fact that District Attorney Baker and Assistant District Attorney McNamara both will be engaged in court today, the next sitting of the grand jury will be on Friday. It will not complete its investigation with Friday's hearings, it was stated. As the grand jury does not sit on Saturdays, the hearing will be continued on Monday.

Attorney General Bonaparte declared that the statement which he will issue concerning this case will not be ready before Friday night and probably not until later.

SPECULATION STILL RIFE

Regarding Federal Proceedings in Libel Case.

New York, Jan. 21.—Speculation as to what action the district attorney of the county of New York had decided to take in connection with the libel proceedings instituted by the federal authorities against the New York World was in no way lessened by the admission by that official that he had decided to present the matter to a special grand jury. Mr. Jerome was in conference with Supreme Court Justice Dowling, at whose order the special grand jury was empaneled, but neither would throw any light upon the nature of the action contemplated. The most persistent rumor was to the effect that the presence before the special grand jury of Charles P. Taft, brother of the president elect, was desired by Mr. Jerome, and that as soon as his testimony had been heard by that body developments of a startling nature might be expected.

DUKE ON THE WAY TO TURIN

This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in the belief of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. E. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unimpeachable testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic troubles, painful periods, irregularities, prolapsus, and other displacements, caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle wrapper.
